

EV ARC™ Custom Branding Base Package Artwork Guide

Congratulations on choosing to brand your new EV ARC™ system. The Custom Branding Base Package provides visibility for your brand on all four panels of the upper enclosure. In this Base Package Artwork Guide you will find:

- Diagram and dimensions spec for creating artwork with and without the optional Emergency Power Panel
- Instructions for submitting your final artwork
- An example of a branded unit

EV ARC™ Upper Enclosure with Four Highly Visible Panels for Custom Branding.

* If your EV ARC™ system includes the optional Emergency Power Panel, the left side panel has different dimensions.

Create Your Artwork
